Narrative: Minto Flats South: 135,969 acres. Five to seven foot flame lengths were observed today associated with running group torching and spotting. Resources along the Tanana and Kantishna rivers continued to protect structures and allotments. 95 personnel.

Lunch Lake: 4,515 acres. Five to seven foot flame lengths were observed today associated with running group torching and spotting. Resources continued to mop up and secure perimeter along the fire's North and East flanks; a burnout along the Eastern flank was completed (96 personnel)

June Creek: 360 acres. Isolated torching with active surface fire was observed. There are 50 structures with limited/difficult access located within 5 miles to the North and East of this fire. Crews supported by aviation assets were able to hold the fires edge and have successfully completed a hoselay around 75% of the perimeter. (118 personnel)

Railbelt Complex: Continued high temperatures and low humidities with extremely dry fuels are hampering firefighters' efforts.
